1. The tire plant at Svit/Gottwaldov* is running on a three-shift schedule .
Because of shortage of raw materials, there is not enough work to keep
the third shift fully occupied. A rumor has been circulated that the
majority of the workers will be sent off to work on the Danube-Order canal
unless the supply of raw materials can be increased.

2. Daily production is as follows:

- a. 1,500 bicycle tires,
- b. 3,000 motorcycle tires,
- c. 1,000 automobile tires of various sizes.
